REACH DECLARATION – Regulation CE 1907/2006
according to ISO/IEC 17050-1

REACH is a regulation of the European Union concerning the registration, evaluation, authorization and restriction of Chemicals. REACH applies to substances produced or imported into the European Union in quantities of 1 ton or more per year. It came into force on 1st June 2007.

After updating the "Candidate List", published by the ECHA (European Chemicals Agency) on 17th January 2023, according to Article 33 of the REACH Regulation,

VIR Valvoindustria Ing. Rizzio S.p.A.

a company with Quality Management System in compliance with the standard UNI EN ISO 9001:2015

DECLARES

that the following SVHC (substance of very high concern) substance is present in its brass and bronze products in a concentration above of 0,1% (weight by weight)

Substance	CAS/EC Number	List	Date of inclusion
Lead	CAS: 7439-92-1 EC: 231-100-4	SVHC	27th June 2018

In accordance with the provisions of Article 31 of the REACH Regulation, VIR is not required to fill in the Safety Data Sheets for these items and furthermore, in the case of lead, no special information is required to allow safe use, as the exposure can be excluded at all stages of the life cycle of the item, including disposal.

The updated Candidate List is available at the link <https://echa.europa.eu/it/candidate-list-table>

VIR undertakes to verify the periodic updates and timely inform its customers in relation to any possible variation that may have an impact on this Declaration.

The President
Ing. Savino Rizzio
