## **REACH DECLARATION – Regulation CE 1907/2006**

### **VIR Valvoindustria Ing. Rizzio S.p.A.**

a company with Quality Management System in compliance with the standard UNI EN ISO 9001:2015

#### **DECLARES**

that, based on the information available, material specifications and declarations received from its suppliers, the products placed on the market are assessed against the applicable requirements of Regulation (EC) No. 1907/2006 (REACH) and subsequent amendments.

With reference to the Candidate List of Substances of Very High Concern (SVHC) published by ECHA and updated on 4 February 2026, VIR declares that the following SVHC is present in its brass and bronze articles at a concentration greater than 0.1% by weight (w/w):

| Substance | CAS/EC Number                   | List | Date of inclusion |
|-----------|---------------------------------|------|-------------------|
| Lead      | CAS: 7439-92-1<br>EC: 231-100-4 | SVHC | 27th June 2018    |

Pursuant to Article 33 of the REACH Regulation, where an article contains a substance included in the Candidate List at a concentration above 0.1% by weight, the supplier shall provide the recipient with sufficient information to allow safe use of the article and, as a minimum, the name of the substance concerned.

Therefore, through this declaration, VIR informs its customers of the presence of lead (CAS No. 7439-92-1) at a concentration greater than 0.1% w/w in the relevant brass and bronze articles.

This declaration is issued on the basis of the information available on the date of issue and applies to the configuration and composition of the products as placed on the market by VIR.

VIR Valvoindustria Ing. Rizzio S.p.A. monitors updates to the ECHA Candidate List and REACH legislation and will review this declaration where legislative changes, changes to materials or new information received from the supply chain may affect its validity.

The current Candidate List is available on the official website of the European Chemicals Agency (ECHA).

The President  
Ing. Savino Rizzio
